Lion Capital GmbH — Investment Risk Notice

Effective date: 15 January 2026 · Switzerland

1. Nature of Services

Lion Capital GmbH provides asset management and investment services as an independent asset manager. We do NOT take deposits, do NOT hold your assets, and do NOT guarantee returns.

Your assets are held in your own name at an independent regulated custodian bank (Julius Bär & Co. AG). You retain ownership at all times.

2. Market Risk

The value of investments can rise or fall. The Company does not guarantee the value or performance of any investment.

You may lose part or all of your invested capital. Past performance is not indicative of future results.

3. Counterparty and Custodian Bank (Julius Bär & Co. AG) Risk

Your assets are held at a regulated custodian bank (Julius Bär & Co. AG), in an account opened in your own name. If that bank becomes insolvent, securities held for you are segregated and remain your property; cash deposits are subject to the bank's depositor-protection regime (esisuisse) up to the statutory limit.

Issuers of financial instruments may default. The Company does not guarantee the obligations of any issuer, counterparty, or bank.

4. Operational Risk

System failures, cyberattacks, or human error may temporarily disrupt access to accounts or delay transaction settlement.

The Company maintains business continuity and disaster recovery plans, but cannot eliminate all operational risks.

5. Regulatory and Legal Risk

Changes in laws, regulations, or tax treatment may affect the management or transferability of assets.

Assets exposed to certain jurisdictions may be subject to foreign exchange controls, expropriation, or other government actions.

The Company is not a bank and does not participate in any deposit guarantee scheme; protection of cash deposits is provided by the Client's custodian bank (Julius Bär & Co. AG), not by the Company.
